

*Sebastopol Independent Charter School*  
Attendance Behavior Contract

We, \_\_\_\_\_, parents of \_\_\_\_\_, acknowledge that we have had difficulty following the school's attendance policy this year. We have been tardy or had an unexcused absence to school \_\_\_\_\_ times this school year, on the following dates:  
\_\_\_\_\_.

We read, understood, and signed the *School and Family Partnership Agreement*, which clearly references our commitment to the School's attendance policy. A copy of the agreement we signed is attached to this contract.

We have received at least one warning letter concerning our child's tardiness. However, there are still problems with tardiness or absences, after these other steps were taken.

Episodes of tardiness and unexcused absences cause a significant disruption to the child's educational experience, disruptive to the class, and a burden to the school's office staff.

We take seriously the importance of being on time and will re-double our efforts to do so.

If our child is tardy or has an unexcused absence five more times during this school year, the school will consider this behavior contract broken and the School Director will refer our case to the School Board of Directors. The Board will consider an appropriate remedy, which may include referring us to the West County Student Attendance Review Board. We understand that our continued enrollment at the Sebastopol Independent Charter School could be in jeopardy if the problem is not resolved at the SARB level.
